This application was electronically received at the Board of Patent Appeals and Interferences on January 18, 2006. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matters requiring attention prior to docketing are identified below.

The examiner's answer mailed on July 28, 2005 is not in compliance with the requirements of 37 CFR § 41.37. The following heading needs to be provided in order to be consistent with the appeal brief filed on July 11, 2005:

Evidence Relied Upon - listing the evidence relied on (e.g., patents, publications etc.).

Application No. 10/699,229

Before further review, the examiner must submit a corrected examiner's answer that will include the Evidence Relied Upon section containing the list of references mentioned in the statement of rejections. Appropriate correction is required.

Accordingly, it is

ORDERED that this application be returned to the examiner for: 1) vacate the examiner's answer mailed July 28, 2005, and issue a revised Examiner's Answer having the missing references listed under the Evidence Relied Upon section; and 2) for such further action as may be appropriate.

It is important that the Board of Patent Appeals and Interferences be informed promptly of any action affecting the status of this appeal (i.e., abandonment, issue, reopening prosecution).
